

**BETA/MARTEL Advanced Pressure Calibrator**

New !

**Betagaugage 321 Dual Sensor Pressure**

- Dual Sensor Pressure calibrator. External pressure module connection for a third pressure range. It will support up to three simultaneous measurement in any combination, including 3 pressure measurements, 4-20mA loop (with 24 loop supply), RTD and DC volts.
- User's choice of engineering units configurable for each channel : PSI, inH<sub>2</sub>O, (4°C, 20°C, 60°F), cm H<sub>2</sub>O, Bar, mBar, kPa, MPa, inHg, mmHg, kg/cm<sup>2</sup>
- Switch test on pressure
- Five often-used setups can be stored for instant recall.
- Small, rugged compact design operates on standard AA batteries.
- Standard accessories : soft case, batteries, manual, NIST certificate and test leads.

**Ranges:** (choose any 2), 5, 15, 30, 100, 300, 500, 1000, 3000, 5000 and 10,000 psi

**Accuracy:** ±0.025% FS (from 15 to 3000 psi) or ±0.035% FS (5, 5000 and 10000 psi)

**Range:** 0 to 24.000mA (measure only) ±0.015% FS ±0.002mA

**Range:** 0 to 30.000Vcc (measure only) ±0.015% FS ±0.002V

**Range:** RTD, -40 to 105°C (-40 to 220°F) ±0.015% V.M. ± 0.02 ohms

Code	Description	Price
BG321-15	BetaGauge 321 15/1500 psi with accessories	\$ 2735.00
BG321-30	BetaGauge 321 30/3000 psi with accessories	\$ 2735.00
BG321-C/D	BetaGauge 321 with choice of ranges and accessories	\$ 2885.15
BG321-15K	BetaGauge 321 15/1500 psi with accessories, hard case and RTD probe	\$ 3092.00
BG321-30K	BetaGauge 321 30/3000 psi with accessories, hard case and RTD probe	\$ 3092.00
BG321-C/DK	BetaGauge 321 with choice of ranges and accessories, hard case and RTD probe	\$ 3495.00
<b>Options</b>		
LTP-100	RTD Pt100 probe	\$ 335.00
910951-001	BPPA-100 adapter module (see page 10 for pressure modules)	\$ 380.00
